

About the Author:

Patricia Lynne never set out to become a writer, and in fact, she never considered it an option during high school and college. She was more of an art and band geek. Some stories are meant to be told, and now she can't stop writing. She writes New Adult under the name Patricia Josephine.

Patricia lives with her husband in Michigan, hopes one day to have what will resemble a small petting zoo, and has a fondness for dying her hair the colors of the rainbow.

Being Human

For Tommy, there is only one thing he needs to do: survive.

Only surviving isn't that easy. The hunt for blood can be tricky when humans know to fear the night. Desire sits on the edge of his mind, urging him to become the monster humans think he is. Vampire Forces, a special branch of police, is determined to turn every vampire to ash. Tommy included.

The only human Tommy trusts is his twin brother. A bond connects them, and with Danny's help, Tommy starts to understand the human world he struggles to survive in. He'll learn what friendships means and feel the sting of betrayal, find that sometimes the worst monsters are very human, and come to understand that family means more than blood.

Tommy just wants to survive and he knows what he needs to do. But with the number of humans that mean more to him than a meal growing, Tommy learns there's more to life than simple survival. He'll discover being human doesn't mean being a human.

Snapshots

It's said the eyes are the windows to the soul, but that's a lie. They are snapshots of a time yet to come—the future of the person to which they belong.

Cyclop Blaine stands out in a crowd with his pale skin and mismatched eyes, but it's his ability to see the future that really sets him apart. The unusual gift makes him an invaluable asset to Tyler, his adoptive father and leader of the Victory Street Gang. It also means Cyclop must hide what he can do from others. Once, a man he knew only as Master controlled him, using him for experiments. Cyclop has no desire to return to that life.

But he may have no choice. A man claiming ownership over him haunts his dreams and waking moments, leaving him no choice but to go back to the past he thought he had escaped. Cyclop must face this man, along with his past, if he wants to reveal his own future.

Path of Angels: Michael

There is only one path.

Born mortal along with his three brothers, Michael is an Archangel with a specific role—to hunt fallen angels and send them back to Hell. He is determined in his mission, never straying from his appointed path, until he meets Lake Divine, and discovers there may be more to his beliefs than blind duty.

But Lake is not who he seems. Offspring of a human and a fallen angel, a Nephilim, Lake must choose his own destiny—give in to the coldness and embrace the dark, or seek the light and rise above the sins of his father.

Two paths lay before them, but only one has the potential to destroy them both.

Path of Angels: Zadekiel

The path is lost.

With Michael gone, the mantle of leadership falls to Zadekiel. In this time of darkness, with tempers running short, Zade struggles to guide his brothers. Hope comes in the form of a green haired woman with a unique gift. She represents a way back to the path they lost when Michael disappeared.

Zephyr fills books with cryptic poetry, a powerful compulsion, which is more a curse than a blessing. With no control over her ability, she struggles to live a normal life. When she meets Zade, he insists her ability is a gift from God. Reluctantly, she agrees to join the cause—it's hard to dispute a man with wings.

Now the path is found, but one question remains. Will it lead to further darkness?

Path of Angels: Jophiel

They must fight to stay on the path.

Joe embraces his duty without fear or hesitation, always ready for the next battle. But the path has never been easy. With Michael's return, they uncover a truth more dangerous than they ever imagined. Their enemy plans to unleash the devil himself, Lucifer. Help comes in the form of an unlikely ally: a member of the fallen.

Mariangela is trying to make amends by protecting the child she is carrying. After blindly following Lucifer in the rebellion, her misguided allegiance came with a price: banishment from heaven. Now, as she strives for forgiveness in the human world, she must fight to prevent Uriel, a fallen archangel, from using her child to free evil from Hell.

The path becomes a battleground, one which may already be lost.

Path of Angels: Gabriel

The end is in sight.

To stop Uriel from freeing Lucifer, Gabriel and his brothers must fall and go to Hell. It is a sacrifice Gabriel is not entirely ready to make. Will he fight alongside his brothers or forge his own path? There is only one choice.

Alexander doesn't want to help Uriel nor does he trust him, but the angel has promised him a better life. He swore to protect Charlie, and he'll do whatever it takes. When he meets the archangels and learns the depth of Uriel's lies, he understands the true meaning of sacrifice. If there's any hope of stopping Lucifer from being freed, Alexander, Charlie, Zephyr and Lake will have to get to Hell and help Gabriel and his brothers in the fight against Uriel.

The path is finally ending, but the price may be too high.
